Twin Eye Slings

S0001, S0003, S0005 & S0007

Our Twin Eye slings are made with a 18mm polyester superweb, and are rated to 24kN. This exceeds the standard set by EN354 of 22kN.

10cm & 20cm Twin Eye slings are used with the Rocker or as a short link lanyard in rope access.

Sling Lengths: The advertised length of these slings is the working length (measured end to end)
