## 6mm Ocean Vectran Cord

RR033

Ocean Vectran from Teufelberger is an extremely strong yet lightweight 6mm technical cord certified to EN 564:2023. Designed for demanding technical applications, it combines a high-strength Vectran® core with a durable Aramid/Polyester sheath to deliver exceptional performance in a compact diameter.

The ultra-low stretch Vectran® core provides excellent strength and stability, whilst the abrasion and heat-resistant sheath ensures durability in demanding environments. Its outstanding strength-to-weight ratio makes it ideal for technical rescue, lightweight rigging, friction hitches, anchor systems and other specialist applications where maximum performance is required.

Suitable for technical rescue, friction hitches and lightweight rigging. Ideal for arboriculture, rope rescue, mountain rescue and work at height applications.
