

Product Data Sheet

8mm Admiral 5000 Cord

RR037

8mm Admiral 5000 Cord from Teufelberger is a high-performance cord designed for applications where maximum strength and minimum weight are essential.

Featuring a Dyneema® SK78 core protected by a durable polyester sheath, Admiral 5000 delivers exceptionally high breaking strengths, very low stretch characteristics and outstanding handling. Its lightweight construction makes it an excellent choice for technical rigging, lightweight winch systems, rescue applications and specialist rope systems. Suitable for technical rigging and specialist rope systems.
